Summary

Hi, I'm Ahmad Junaid, a passionate Web Developer with experience
in creating dynamic, user-friendly websites and applications. Over
the past year, I've honed my skills at Micrologicx Software House,
where I contributed to several innovative projects, including a
weather app, a calculator, an e-commerce platform, and a blog
website.

I specialize in Web Development and Web Design, bringing a
combination of technical expertise and creative problem-solving to
each project. My focus is on building responsive, high-performance
websites that not only meet client needs but also deliver an
exceptional user experience.

Skills:

HTML5, CSS3, JavaScript (JS)
Bootstrap, Tailwind CSS
React.js

Whether you're looking for a custom web solution or need help
designing a visually appealing, functional site, I'm always excited
to take on new challenges. Feel free to reach out if you'd like to
collaborate or discuss how I can help bring your vision to life!
